OFFICE OF LEGISLATIVE COUNSEL

Thursday - 30 July 1964

1. (Secret - PJC) Delivered to Bill Darden, Professional Staff Member, Senate Armed Services, the Director's classified letter to Senator Russell in connection with the amendments to the Missing Persons Act, H. R. 2989. Shortly thereafter, I attended the open hearing on this bill. Colonel Cook, USAF, delivered the presentation on behalf of this bill, and stated that its enactment would benefit civilian employees of the Government as well as the military. Hayward stated he knew an arrangement had been made for their office to deal with General Corbin of Air Force L&L. OSA was notified and I telephoned General Corbin who indicated the key individual was on the
